Dear Members,

The warm weather is finally here and now it is time for some summer fun! This newsletter has great articles on budget-friendly activities, refreshing mock-tails to enjoy at your Bar-B-Que and, we even created a SJFCU personalized summer reading recommendation list for those lazy days of soaking up the sun!

We have not one, but two great summer promotions for you! We are offering Members who open a new variable rate Visa card, 0% for Balance Transfers and New Purchases for 12 months!

Have an auto loan, but would like a better rate? SJFCU could lower your rate by a minimum of 2.0% APR for Members who refinance an auto loan that they currently have with another financial institution.

We're excited to announce the relocation of our Vineland branch. The new branch, which is located at, 818 Landis Avenue, features a drive-thru and a depository ATM. 2004 marked the opening of the South Jersey Federal Credit Union Branch located in Vineland, and for the past 15 years, we have been committed to serving our members throughout the Vineland community. At our Grand Opening Celebration, we donated $500 to Spirit and Truth Ministries of Vineland.

Our annual “Bring Your Child to Work” day was tons of fun for the children who participated. They enjoyed a busy day of activities that included a scavenger hunt, crafts, and snacks. In addition, the Deptford Fire and Police Departments displayed their equipment and training of the dogs. It is always a rewarding experience to get to educate our younger generations about the importance of credit unions and what makes ours extra-special!

We held our first ever Mortgage Seminar with representatives from State Financial Network who came to discuss topics including how to get pre-approved for a mortgage, where to start, and how to research buying a home. If you missed out on this seminar but are interested, stop into one of our branches to discuss your options with one of our Member Service Representatives.

We continue to stay dedicated to serving our communities and this Quarter, we have given back in many ways! As part of our Charitable Journey Program, our Employees’ made a donation in the amount of $2,000 to Salvation Army. This donation will be used for their Kroc-Camden Reading Program! We also made two donations in the amount of $5,000 for the Gloucester County Habitat for Humanity and the Boys & Girls Club of Gloucester County. We sponsored the San Juan Bautista Annual Puerto Rican Parade and Festival, and we participated in a number of Job Fairs. SJFCU also awarded college scholarships to seven high schools graduates as they embark on the next chapter of their lives.

We hope you all have a safe, happy, and healthy summer.

Yours Truly,

Ernest D. Huggard

Summertime is all about relaxing and enjoying the weather. While you are lounging on the beach this summer, it may be a good time to think about putting an investment plan together. Planning now can help you to enjoy even more fun in the sun later...

Why should I invest?
The easy answer to the question is: to create wealth! Investing can help you reach your financial goals, such as paying for your children’s college education, passing wealth to loved ones, or building a nest egg for your own retirement. There are many potential reasons to invest money.

How much should you invest?
There’s no one-size-fits-all answer to this question. Generally, you should aim to invest at least 10% of your income. In other words, if you contribute 4% of your salary to your 401(k), it could be a good goal to set aside an additional 6% of your income to invest on your own.

The important thing is that you start as soon as possible, and make it a habit. For example, the S&P 500 has historically returned 7.96% per year, on average since 1957. If you invested $10,000 at this return rate for 40 years, it would have grown to over $214,000. Keep in mind, past returns are not indicative of future returns.

The basic types of investments
There are hundreds of things you can invest in, ranging from stocks and bonds to artwork and collectible coins. For our purposes, we’re going to focus on investments you can choose in an investment account, or in your retirement plan at work. These generally include:

- **Stocks**: Also known as equities, stocks represent partial ownership of one or more companies. If a company does well, the stock can increase in value. Stocks have high return potential over long time periods but tend to be more volatile than other investments.

- **Bonds**: Also known as fixed-income investments, bonds are designed to create a steady stream of income. While bond values are somewhat vulnerable to interest-rate fluctuations, bonds are generally more stable than stocks, but with lower return potential.

- **Cash**: In addition to physical cash, this category includes investments like CDs, money-market accounts, and savings accounts. Cash investments have the lowest risk, but also the lowest return potential.

- **Mutual funds and ETFs**: Mutual funds and exchange-traded funds pool money from many investors and then invest it in an assortment of stocks, bonds, or other investments. For example, an S&P 500 ETF would invest in all 500 stocks that make up the index.

Asset allocation: Stocks vs. bonds vs. cash
Since stocks are highly volatile but have the most return potential, they are more appropriate for younger investors. In contrast, bonds are designed for predictability, making them better for older investors with lower risk tolerance. Cash investments are typically not a good idea unless you have lots of near-term liquidity needs. Determining the appropriate asset allocation for your investment strategy is a critical step to take.

Summer activities don’t have to go by the wayside if your family is on a budget! Consider these budget ideas to spend more time with your family outdoors this summer:

- Play basketball, tennis, or other outdoor games at a neighborhood park.
- Schedule a day car trip to visit local attractions. Many people haven’t even seen the top tourist attractions in their own town, let alone those within an hour or two of their home.
- Attend a free public outdoor concert at local parks.
- Invite friends over for a day of art outdoors. You could set up several crafts tables, where each child could rotate, giving everyone a variety of options and great items to take home at the end of the day.
- Throw a potluck barbecue with friends and offer several outdoor activities for the kiddos to participate in while the parents catch up.
- Spend the day at the local community pool.
- Pack a picnic basket full of yummy items and head to a local outdoor attraction. Be sure to pack Frisbees, or other games to keep everyone entertained for a few hours.
**SUMMER READING**

Check out these awesome recommendations that our employees enjoy, and maybe you will find your new favorite summer book! Whether you are out on the beach, the boat, or just relaxing in the backyard, these books are sure to capture your attention!

**SUBMITTED BY: Aida Forlano**  
**BOOK NAME: Silent Honor**  
**AUTHOR: Danielle Steel**  
**GENRE: Fiction**  
**SYNOPSIS:** My favorite book of all time is SILENT HONOR by Danielle Steel. I like a lot of her books but this one was the best. It combines a love story and history in one story. It is about how the Japanese Americans were treated after Pearl Harbor. It is very enlightening and definitely worth the read.

**SUBMITTED BY: Elizabeth Landolfi**  
**BOOK NAME: The Nightingale**  
**AUTHOR: Kristin Hannah**  
**GENRE: Fiction**  
**SYNOPSIS:** It is set in World War II France. The story revolves around a family involved in the French Resistance. Great Story and Great Author. I have read two of her books and both were quick reads because you cannot put them down. She also recommends The Great Alone by the same author – It was about a dysfunctional family due to the PTSD that the father was suffering from after the Vietnam War.

**SUBMITTED BY: Keisha Forbes**  
**BOOK NAME: Becoming**  
**AUTHOR: Michelle Obama**  
**GENRE: Memoir**  
**SYNOPSIS:** This book caught my attention from beginning to end. Michelle Obama writes about growing up in Chicago. She outlines her personal growth and development as a woman, wife, mother, daughter, and as First Lady of the United States. She lets women know that they are not alone when struggling with balancing being a working mother and maintaining your identity while being married (for her to the President of the United States).

**SUBMITTED BY: Toni Phillips**  
**BOOK NAME: Shadows of the Night**  
**AUTHOR: D.L. Byron (Her Brother!?)**  
**GENRE: Memoir**  
**SYNOPSIS:** How one man survived the trauma of adoption, the snares of the music business and found his birth-mother (my mother), and his seven sisters (one being me). It’s the story of my brother’s life how he survived a tormented childhood at the hands of a mentally troubled adoptive mother. Then navigated the treacherous twists and turns of the music business along his journey to fame. To ultimately finding his birth-mother he was previously told died during his birth along with his seven sisters. His biggest success was writing the Grammy award winning classic Rock anthem “Shadows of the Night”. It is an interesting story about a adopted boy’s journey to find his real mother as he also is finding himself. On his journey we learn about his troubled and sometimes difficult upbringing by his adopted parents. He never quite lives up to their expectations. I appreciate the struggles and the determination to win the fight over and over again. Never giving up on yourself is the ultimate win.

HOW LONG HAVE YOU WORKED FOR THE CREDIT UNION?
July 26th will make 13 years.

WHAT WAS YOUR FIRST POSITION WITH THE CU?
My first position, I was a teller in the Camden Branch.

WHERE ARE YOU FROM?
I’m from Camden, NJ

WHERE DO YOU LIVE NOW?
I currently live in Camden, NJ

TELL US A BIT ABOUT YOUR FAMILY, PETS.
I’m married with two children. My husband’s name is Brandon, my daughter’s name is Jayden and she will be 10 in July, and my son’s name is Brandon, he’s a junior and he is 3.

WHAT DO YOU LIKE TO DO IN YOUR FREE TIME?
I enjoy spending time with my family and shopping.

TELL US ABOUT A MEMORABLE INTERACTION YOU HAD WITH A MEMBER.
One member in particular was purchasing a house and her closing was the very next day. Earlier that week she deposited a rather large check and it had not cleared yet. I was able to sit down with my member and call the financial institution the check was drawn on and release the hold. My member was so pleased and excited she mailed me a card. Her words were so heartfelt I still have her card on my desk, 6 months later!

WHAT IS THE FUNNIEST THING THAT EVER HAPPENED TO YOU AT THE CU?
One day while working in Camden as a teller I was sitting at the Teller Supervisors desk preparing for the end of the day, and there were a few members in the lobby. I stood up to walk out of the teller area and I didn’t realize the desks bottom drawer was opened and I tripped over the drawer and tumbled to the floor. I was fine physically, but super embarrassed because everyone saw it.

BEST PART ABOUT WORKING AT THE CU?
The best part of working at SJFCU is how family orientated the organization is. I love that SJFCU have events that include our families. Morey’s Pier, the Holiday Party, Bring Your Child to Work Day (just to name a few). My family looks forward to all the events and come with excitement.
